Maak een proeflapje van 10 x 10 centimeter om er zeker van te zijn dat het aantal steken en toeren in het patroon ook voor jouw hand van haken geldt. Gebruik zo nodig een grotere of een kleinere haaknaald om op dezelfde stekenverhouding uit te komen.

Goed om te weten

De doekjes worden gehaakt met de blanketstitch/golfjessteek.

MEET HUIS & HAAK

Jacqueline not only knows how to crochet, she also is a real pro when it comes to knitting. It was at a young age Jacqueline learned to knit and crochet. She was taught by her mom and grandmother and even went along to her mom's craftclub.

Jacqueline started with making clothes and blankets for her doll and teddybears. As a teen she knitted her own sweaters. She sometimes used an existing pattern but also started to design patterns herself.

It was only a few years ago Jacqueline discovered Instagram, where she can be found as **@huisenhaak**. She loves to find inspiration and give inspiration to other Instagrammers. Shortly after, she started meeting her Instagram friends in real life and as she says herself: meeting others on knitters-and crocheters party's is the best!

To kick off 2020 we asked Jacqueline to help us out with convincing knitters and crocheters to switch discipline. Now Lookbook #4 Rookie is here! Jacqueline designed four patterns for both knitting and crocheting.

To practice the basics of knitting and crochet you start with making the SIMPLE SCARF. Then you can go a level up and learn to make special stitches with the CLEAN CLOTHS. To change colors you either make the SIMPLE SCARF or make the FAB CUSHION. If you want to practise increasing the FUNKY FLAGS are the way to go for you!
